If the motion is seconded and passed, the nominees are duly elected.

C. Nominating Committee

1. A Nominating Committee of optimum five members, including only one member from the Executive Board, shall be appointed by the Executive Board in February.
2. Executive Board members holding the positions of President and the First, Second and Third Vice Presidents are not allowed to be members of the Nominating Committee.
3. A member may not serve two consecutive years on the Nominating Committee.
4. The Nominating Committee shall prepare a slate of nominees for the elected positions of the Executive Board to be voted on at the April General Meeting. The Nominating Committee will name one candidate for each elected office and must secure the consent of each nominee prior to finalizing the slate.

D. Nominee Selection Process for Board Officers

1. The AWA members should be informed of the nomination deadline and requested to submit any nominations 4 weeks prior to the close of nominations on the first Monday in March. The Chairwoman of the Nominating Committee collects all the submitted nominations by the first Tuesday in March.
2. The Chairwoman adds to the nominee list all Executive Board members who wish to be re-elected to their current office for a second year.
3. An officer is encouraged to recommend a nominee to fill the position that she is vacating, and the Chairwoman may add such nominee to the list.
4. The Nominating Committee will interview nominees. Each nominee will receive a description of the office to which she is being nominated prior to the interview. The nominees will be informed during the interview that the interview alone is not confirmation of an Executive Board position. At the discretion of the Nominating Committee, an Executive Board candidate may not be interviewed for a position if this will be the second year the individual would hold the position and there are no other candidates for the position.
5. Discussion of nominees is confidential and discreet. The Nominating Committee may request references for the potential nominees.
6. The slate of nominees shall be finalized by consensus of the Nominating Committee.
7. The Chairwoman shall inform the current President of the final slate of nominees during the third week of March and timing must be coordinated with the Office Manager.

E. Membership Notification of Slate of Nominees

1. The Chairwoman of the Nominating Committee is responsible to notify the Director of Operations, and the sitting President of the slate of nominees.

2. Once the President has reviewed the finalized nomination slate,-the office manager arranges for the printing of President's letter announcing the slate + proxy form and their insertion into April AWAre.
3. If the slate has missed the AWAre deadline date, a special email will be necessary sent out to all members no later than 3 weeks before the AGM, announcing the slate of officers and including a proxy form.
4. The Nominating Committee chairwoman will compile biographies of each nominee. These biographies will introduce the nominee to the membership at the April General Meeting and on the website.
5. The Nominating Committee chairwoman does not have a responsibility to introduce a person nominated from the floor at the April General Meeting. As per AWA Articles of Association, there may be nominations from the floor with the consent of those nominated from the floor
6. If a position is contested with a nomination from the floor, that nominee will be responsible for introducing themselves to members during the AGM, and explain why they feel they are best suited for the position for which they have been nominated. The candidate that has been put forward by the Nominating Committee may also have an opportunity to explain their qualifications. Following the presentation of candidates, a live vote by show of hands will be taken for each candidate. The vote must be counted and put into the record. The candidate with the majority of total votes will be nominated into the contested officer position.

6. The Board and Treasurer ensure that AWA has an appropriate reserves policy and the Board reviews such policy every three years.
7. The AWA should have an appropriate investment policy and the Board reviews such policy at least annually.

9. The Treasurer of the AWA advises the Board on the financial implications of AWA's strategic plans including activities, membership and fundraising.

11. Each fundraising event must have a budget associated with it, for which the 1st VP is responsible. Each fundraising event must, at minimum, break event after all direct event expenses are applied.

B. Financial Reserves

I. Property, Maintenance and Technology Reserve Policy

1. Purpose

The purpose of the Property, Maintenance and Technology Reserve Policy for The American Women's Association of Hong Kong Ltd (AWA) is to ensure:

- a. The AWA's key physical asset is kept in good repair for perpetuity
- b. The AWA's technology backbone is kept up to date
- c. The AWA is financially responsible in planning for the future
- d. Costs are accrued so that the financial impact is spread out across the years
- e. The burden on future Boards of Directors is eased by earmarking funds to cover costs.

The Property, Maintenance and Technology Reserve is intended to provide a ready source of funds for annual maintenance costs associated with the general upkeep of the office, and to accrue funds for larger maintenance and repair expenditures, anticipated capital expenditures related to the office, upgrades to the AWA's technology and website, and remodeling the office in 25 years. It is the intention of The American Women's Association of Hong Kong Ltd for the Property, Maintenance and Technology Reserve to contain at least 20 years' worth of expenses and for Boards of Directors to ensure that this funding level be maintained.

2. Definitions, Goals and Assumptions

The Property, Maintenance and Technology Reserve is defined as the designated fund set aside by action of the Board of Directors on 26 March 2014. The minimum amount to be designated as the Property, Maintenance and Technology Reserve is equal to 18 years' of average maintenance costs (including accruals). The average annual maintenance costs are comprised of 1) **current expenses**,

which generally recur after a short period of time, such as carpet cleaning, pest control, air conditioner servicing and window cleaning; and 2) **capital expenses**, which generally give a lasting benefit or advantage such as renovations, IT system upgrades, furniture and computer equipment. The amount of average maintenance costs and the type of expenses that should be included in the calculations currently do not account for inflation, interest or compounding, and as such are subject to timely review and revision by the Board as outlined in the Review of Policy section below.

The Property, Maintenance and Technology Reserve assumes that the AWA will carry insurance to cover expenses associated with catastrophes.

It is expected that future Boards of Directors will plan to fund their year's annual maintenance expenses (including accruals) through the annual operating budget. However, should the organization fall short of meeting these expenses, the Board of Directors may extract the shortfall from the Property, Maintenance and Technology Reserve. At the same time, the Board must make plans to replenish the Reserve.

This Policy and Reserve assume the AWA will own and maintain its own office premises. Should those circumstances change over the long term, the Board of Directors may choose to review and revise the minimum amount to be held in the Property, Maintenance and Technology Reserve to reflect 20 years' worth of expenses at that time.

The Property, Maintenance and Technology Reserve is intended to fund the expenses noted above. However, should the AWA be in extreme financial crisis and the Operating Reserve is exhausted, the Board of Directors may redirect funds in the Property, Maintenance and Technology Reserve as appropriate to ensure the survival of the Association. The Board must also make plans to replenish the Reserve once the financial crisis has passed.

3. Accounting for Reserve

The Property, Maintenance and Technology Reserve will be recorded as a component in the Reserves Account on the balance sheet. The Reserve will be held in a low-risk, interest-bearing (where possible) account, and segregated from other AWA funds and accounts.

4. Funding of Reserve

The Property, Maintenance and Technology Reserve will initially be funded with surplus funds from the sale of the AWA's former Monticello office. The amount is equal to 18 years' worth of expenses in 2014 Hong Kong dollars. Ideally, this number will be increased to 20 years of reserves by future boards. The Board of Directors may from time to time direct that a specific source of revenue be set aside to replenish the Property, Maintenance and Technology Reserve or to add to the Reserve to help fund future years' expenses.

5. Use of Reserves

Use of the Property, Maintenance and Technology Reserve requires three steps:

a. Identification of appropriate use of Reserve funds

The Board of Directors or Office Manager and staff will identify the need for access to the Property, Maintenance and Technology Reserve and confirm that the use is consistent with the purpose of the Reserve as described in this policy. This step requires analysis of the reason for the shortfall or emergency, the availability of any other sources of funds before using the Reserve, and evaluation of the time period that the funds will be required and replenished.

b. Authority to use Property, Maintenance and Technology Reserve

A member of the Board of Directors or the Office Manager will submit a request to use the Property, Maintenance and Technology Reserve to the Board of Directors. The request will include the analysis of the reason for and the use of the funds and plans for replenishment. The request must also include plans to replenish the funds used in order to restore the Property, Maintenance and Technology Reserve to its intended minimum amount. The Board of Directors will approve or modify the request and authorize the transfer from the Reserve.

c. Reporting and monitoring

The Board of Directors is responsible for ensuring that the Property, Maintenance and Technology Reserve is maintained and used only as described in this Policy. Upon approval for the use of Property, Maintenance and Technology Reserve funds, the Office Manager will maintain records of the use of the funds and plan for replenishment. The Treasurer will review such records and provide regular reports to the Board of Directors of progress to restore the Reserve to the target minimum amount.

6. Approvals

General membership approval of any and all expenditures from the Property, Maintenance and Technology Reserve must be secured in accordance with policies outlined in the AWA's Articles. If there is no current policy in effect, then any and all expenditures of HK\$100,000 or greater must have membership approval.

7. Review of Policy

This Policy, the assumptions and the needed minimum amount needed in the Reserve will be reviewed every three years, at minimum (starting with the 2016-17 Association year), by the Board of Directors, or sooner if warranted by internal or external events or changes. Changes to the Policy must be approved by the Board of Directors and reported to the general membership of the AWA.

8. Dissolution

Should the AWA cease operations, the Property, Maintenance and Technology Reserve will become part of the AWA's assets to be disposed of in accordance with the Articles.

II. Operating Reserve Policy

1. Purpose

The purpose of the Operating Reserve for The American Women's Association of Hong Kong Ltd (AWA) is to ensure the stability of the mission and ongoing operation of the AWA. The Operating Reserve is intended to be used only for essential items that are needed to keep the Association in operation or in the event of an emergency that puts into risk the existence of the AWA (such as a health or political crisis that causes a significant, unexpected drop in membership or the unanticipated loss of a significant sponsor or donor). The Operating Reserve is designed to buy the AWA time to implement new strategies, and is not intended to replace a permanent loss of funds, eliminate an ongoing budget gap or be used to offset inefficient operations.

Any decision to use the Operating Reserve should be unanimously approved by the Board of Directors and made only after careful analysis and evaluation by the Board of a) AWA's financial needs and b) concrete proposals on how to improve the AWA's financial condition. It is the intention of The American Women's Association of Hong Kong Ltd for Operating Reserves to be used and replenished within 12 months.

2. Definitions and Goals

The Operating Reserve is defined as the designated fund set aside by action of the Board of Directors on 26 March 2014. The minimum amount to be designated as Operating Reserve is equal to 12 months of average operating costs. The calculation of average monthly operating costs includes all recurring, predictable expenses such as salaries and benefits, government rates, office, insurance, accounting and ongoing professional expenses. Depreciation, in-kind, and other non-cash expenses are not included in the calculation.

3. Accounting for Reserve

The Operating Reserve will be recorded as a component in the Reserves Account on the balance sheet. The funds in the Reserve will be segregated from other accounts and kept as liquid cash or time deposits with duration of not more than three months.

4. Funding of Reserve

The Operating Reserve will initially be funded with surplus funds from the sale of the AWA's former Monticello office. The Board of Directors may from time to time direct that a specific source of revenue be set aside to replenish the Operating Reserve.

5. Use of Reserves

Use of the Operating Reserve requires three steps:

a. Identification of appropriate use of Reserve funds

The Board of Directors or Office Manager and staff will identify the need for access to the Operating Reserve and confirm that the use is consistent with the purpose of the Reserve as described in this policy. This step requires analysis of the reason for the shortfall or emergency, the availability of any other sources of funds before using the Reserve, and evaluation of the time period that the funds will be required and replenished.

b. Authority to use Operating Reserve

A member of the Board of Directors or the Office Manager will submit a request to use the Operating Reserve to the Board of Directors. The request will include the analysis of the reason for and the use of the funds and plans for replenishment. The organization's goal is to replenish the funds used within 12 months to restore the Operating Reserve to its intended minimum amount. The Board of Directors will approve or modify the request and authorize the transfer from the Reserve.

c. Reporting and Monitoring

The Board of Directors is responsible for ensuring that the Operating Reserve is maintained and used only as described in this Policy. Upon approval for the use of Operating Reserve funds, the Director of Operations will maintain records of the use of the funds and, with the Board, plan for replenishment. The Treasurer will review such records and provide regular reports to the Board of Directors of progress to restore the Reserve to the target minimum amount.

6. Approval

General membership approval of any and all expenditures from the Operating Reserve must be secured in accordance with policies outlined in the AWA's Articles. If there is no current policy in effect, then any and all expenditures of HK\$100,000 or greater must have membership approval.

7. Review of Policy

This Policy and the appropriate amount to hold in the Operating Reserve will be reviewed every three years, at minimum (starting with the 2016-17 Association year), by the Board of Directors, or sooner if warranted by internal or external events or changes. Changes to the Policy must be approved by the Board of Directors and reported to the general membership of the AWA.

8. Dissolution

Should the AWA cease operations, the Operating Reserve will become part of the AWA's assets to be disposed of in accordance with the Bylaws.

VIII. Dealing with Non-AWA and/or Commercial Organizations

A. AWA does not accept any items on consignment for sale at the office.

B. An organization can only secure space for the sale of goods or services at an AWA function with Board approval, or in the case of the Bazaar, the Bazaar Committee.

C. If instructors of an AWA sponsored event wish to sell items related to their business or classes, it must first be approved by the relevant Board member, usually the President.

- D. AWA does not endorse any commercial or non-commercial product, but it uses the expertise of people in various commercial endeavors to conduct many of our activities. If a question arises as to whether an activity is commercial or not, the activity coordinator should request a determination from the Vice President she reports to, or the President.
- E. Advertising within AWA for non-AWA businesses, goods and services is discouraged. No such advertising is to be distributed to AWA members at CHAT, Welcome Coffees or local tours or activities. Such businesses are encouraged to engage in paid advertising in AWAre, the AWA e-newsletter, the AWA website and the AWA Facebook page.
- F. No pyramid selling groups may present to AWA members at AWA sanctioned events.
- G. The Members' Activities Committee should review the credentials/credibility of people who ask to make a presentation to AWA members. AWA members tend to assume that a person or activity that is "AWA sponsored" has credibility.
- H. See Use of Facilities for the procedures applying to the use of AWA office space by non-AWA members or organizations.

IX. **Membership**

- A. A woman, who may be of any nationality, must be a Hong Kong resident or use a Hong Kong address in order to join AWA, excluding former members who now live overseas and chose to continue membership as an Alumni.
- B. Immediate family members of AWA members, meaning the spouse and children living at home, may join AWA activities and pay the same activity fees as members.
- C. The annual membership dues are payable before the expiration of the 12 month rolling membership.
- D. There is no refund of dues under any circumstances.
- E. Any member, who has not paid her dues 3 months after the expiration of her membership, shall be automatically suspended from membership.
- F. All members must sign a disclaimer when paying the annual dues that releases AWA from any responsibility or liability for that member while participating in any AWA activity or event. Non-members shall sign a release form prior to attending any AWA activity.
- G. Alumnae (members who no longer reside in Hong Kong) and continuing members must pay the same dues as new members per year to continue membership, however, only members living in Hong Kong will receive hard copies of AWAre magazine.
- H. The term of membership is 12 months on rolling basis. As of March 2016, memberships will be auto-renewed via credit cards on file. Two courtesy reminder notices will be sent, which will include the option to call the office and cancel/not renew membership.
- I. Membership sign ups are done predominantly online, but can also be done via paper application at the office and at select AWA events and activities, such as the Charity Bazaar, CHAT, and New Member Coffees.

X. **Activities and Committee Policies**

- A. No chairwoman or committee member shall make a commitment or guarantee beyond the boundary of the fundraising event she is working on.
- B. As soon as possible following an event, the committee chair will submit a report containing the details of the event to be uploaded into Google docs.
- C. AWA will not supply vendors with participants' mailing list.
- D. An Executive Board member must be present at all times during a paid fundraiser or membership event overseeing the treasury area in the absence of the AWA Treasurer or appointed Event Treasurer.
- E. Postage, printing and other incurred expenses should be charged to each individual event and not to office administration.
- F. All coordinators and members of a committee must be AWA members.
- G. A small number of complimentary tickets for AWA events will be given out on a considered basis, as per committee recommendation.
- H. The administrative fees for activity bookings are not refundable at any time unless the AWA cancels the event.
- I. All contracts on behalf of the AWA of US \$2,000 or more must be signed by one of the Board members authorized to sign on AWA's bank accounts. Any questions should be directed to the Treasurer. All contracts should be available on Google docs.

XI. Charitable Donations

- A. Allocation Guidelines
 1. Funds cannot be allocated to individuals.

2. All awards are granted in the name of the American Women's Association. Organizations receiving those funds cannot disburse them in their own names to individuals or to another charitable organization.
3. All monies awarded are restricted to Hong Kong and shall only be used to benefit persons who live in the Hong Kong Special Administrative Region (HKSAR).
4. Awards are intended for the direct benefit and welfare of the clients served by the charitable organization. Funds are not granted for improvements to or for the benefit of the office environment, for example.
5. The AWA accepts only one grant proposal per organization per year; proposals must be submitted in English, although information about the grant program is available on the AWA website in both English and Chinese.
6. The American Women's Association does not support political organizations or candidates, but it does support/encourage Americans to register to vote/vote in general elections.
7. A member of the Charitable Donations Committee who has a personal interest of any sort in a charity requesting funds (a conflict of interest) may not participate in the decision whether to fund that charity.
8. The board votes on and approves the allocations in prior to the checks being disbursed.

B. Funding Policy

1. The AWA funds programs addressing the needs of children & youth, the elderly, the disabled, and low-income individuals. Programs should address the areas of health and social services, humanitarian services and education.
2. Our goal is to be responsive to the needs of people residing in Hong Kong by providing funds to Hong Kong charities and non-profit organizations that offer effective and efficient solutions to existing problems, making a positive difference for those most in need.
3. Funding preference is given to new and pilot projects addressing significant needs and to programs or projects that benefit women and girls exclusively or benefit the low-income population.
4. Funding preference will be given to programs that are ineligible for funding from the Hong Kong Government, the Community Chest, the Hong Kong Jockey Club or Social Welfare.
5. The organizations applying for funds must be registered with the Hong Kong government, either as charities or non-profits.
6. The grant proposal vetting process begins with a careful review of the application. That application must include a description of the grant's purpose and projected clients to be served, and extensive financial information (e.g. last audited financial statements, funding history including past AWA grants) and the organization's other funding sources. Once the basic requirements are met, the vetting team conducts a site visit to ensure that the charity has the capacity (staffing, facilities, etc.) to carry out the proposed activity or service.
7. Grants are awarded in late May/ early June and must be disbursed within 12 months of receipt. Unspent funds must be returned to the AWA.
8. The AWA does not fund capital campaigns, general sponsorship, ongoing administrative salaries, ongoing rent or utilities. Project related salaries can be funded.

9. The Education & Scholarship Committee will be allocated approximately \$80k for VTC scholarships each year, and \$75k for Lignan University Scholarships for 3 girls each year. Slight increases or decreases in funding can be decided per E&S coordinator recommendation and Board vote. VTC and Lignan monies must be approved by the Board.
10. AWA works closely with the Hong Kong American Chamber of Commerce (AmCham), which also raises money for charities, but relies on AWA Charitable Donations Committee for recommendations on vetted charities. AmCham contributes an amount based on their fundraising year. This does not come to the AWA fund, but goes directly to the charities and is disbursed by AmCham at the AWA Award's Tea in May/June.
11. All monies raised for disbursement to Charitable Donations and Education & Scholarship go to a separate bank account and are not intermingled with other AWA moneys to make the information easier to track.

C. CD Timeline

1. Charitable Donation's process begins during the summer months with a review and update of the grant application and guidelines. In **mid-August**, the AWA announces its grant solicitation, circulating the information to its own list of past awardees and broader listings of local charities to which the AWA subscribes. In addition CD committee members spread the information through their charity contacts. All relevant materials are posted on the AWA's website.
2. Charities are given **4-6** weeks to develop and submit their proposals. The AWA sends emailed reminders about the approaching deadline, so requests are received by the end of **September**. The CD Chair may extend the deadline if she believes additional time is required. Ideally, the vetting of proposals is completed by **December**.
3. The CD Committee's goal is to complete the reviews, including site visits, as efficiently as possible so that the committee can develop a solid, prioritized list of worthy grant recipients. That list then informs the AWA's fundraising effort for the remainder of the CD year and a separate list of meritorious proposals is sent to the Am Cham Foundation for their review in March.
4. In late April/early May, based on final fundraising figures, the CD committee develops its final award recommendations amongst the charitable organizations that submitted grant proposals. The grantees list is submitted to the AWA Executive Board for final vote prior to awarding the checks to the selected charities.
5. The money is given out at the annual Awards Coffee/Tea which is generally held on the last Friday in May/ first Friday in June. This event includes charities who are receiving awards, AWA members, AmCham Management, **other funding partners** and The Consulate General and designated consulate staff. E&S recipients and special programs within the AWA may also be recognized.
6. Organizations that have received funding must send a written project and financial report to the Chair of Charitable Donations by August of the following year. AWA provides guidelines for the project report. CD Chair informs Charitable Committee, AWA board and AmCham about the results of the project reports **in June of each term**).

D. Committee Member Recruitment and Management

1. The CD Chair will recruit committee members at the Welcome Back Coffee, CHAT, Foon Ying, etc. and will organize the committee into review teams. Novice committee members are teamed with more experienced members.
2. Committee members occasionally identify other non-profit funding partners who either give the funds to the AWA for distribution or will donate directly to one of our charitable organizations, fulfilling the grant request.

XII Fundraising

A. Description

AWA fundraising is done both through events and direct donations throughout the fiscal year/fundraising season (July 1 - June 30). The key fundraising season is November through April, typically kicking off with the annual AWA Charity Bazaar, and culminating in the awarding of scholarships (see Education & Scholarship, Section xii., page 15) and grant money (See Charitable Donations, Section xi., page 12) to recipients in late May/early June of each year.

B. Goals

The goal for AWA Fundraising each year is to engage our members in our causes, so as to make as much money as possible for the benefit of the local students and Hong Kong charitable organizations we support. The monetary goal for fundraising each year is approximately HKD \$1m. The actual amount raised will fluctuate year on year based on a variety of constantly changing factors, the most significant of which are the state of the economy, AWA membership numbers, AWA volunteer availability, and our ability to use our events to reach outside of our direct membership community and thereby increase our donor pool.

C. Type of Events

Fundraising Events can be anything from a larger and more formally planned event, to smaller, fun based, member driven events. It is the goal that any event deemed “Fundraising” net HKD \$15k after direct expenses and larger events should net HKD\$60k or more after direct expense, but results will vary based on the nature of the events, their organization and timing within the fundraising season.

D. Budget Approval

The Treasurer or Director of Operations must review the budget for all fundraising events.

E. Calendar

Ideally, a calendar is developed for fundraising events prior to each new AWA fiscal year. Larger events generally need to be planned at least six months in advance for optimal success.

XIII Education and Scholarship

A. Goals & Objectives

The purpose of the Education & Scholarship Committee (ESC) is to allocate funds, raised annually by members of the American Women’s Association (AWA), to our partners in education, Lignan University and the Vocational Training Council (VTC). Through Lignan University, we award 3 internship scholarships to young women students who are high achieving and in great financial need. Through the Vocational Training Council (VTC), our funds are matched by the government to provide approximately 20 students spread throughout VTC’s IVE schools in Hong Kong and the New Territories. As decided upon by the E&S Chairperson, and subject to Board vote, funds may also be put aside for AWA educational programs in primary, secondary and post-secondary schools in Hong Kong which directly benefit and improve the welfare of local Hong Kong students.

The goal of AWA’s E&S programs are 1) to provide English Activity Programs (EAP) in local Hong Kong primary, secondary and post-secondary educational institutions; and 2) to provide financial support for local students through scholarships and programs.

B. Funding Policies

The AWA provides funding annually to Hong Kong educational institutions to support programs and services that benefit a diverse array of Hong Kong's student population. These monetary grants are made possible by our members' dedication and hard work in organizing and participating in fundraising events throughout the year.

All Applications for funding are reviewed based on the information submitted, site visits by ESC members when appropriate and are subject to approval by the AWA's Board of Directors:

1. Funding may be considered in two forms:
 - a. Individual Scholarships: money awarded to students who meet the academic and financial neediness criteria as set forth by the individual University; or
 - b. Lump Sum: money distributed to a school to be used for activities, tutors, tuition assistance, and materials.
2. Individuals receiving scholarship money are chosen by the school or university that we support, namely:
 - a. Vocational Training Council with \$80,000HKD per annum. This is matched by the government for a total of \$160,000 and covers approximately 20 yearly scholarships, for both male and female, as selected by VTC staff; and
 - b. Lingnan University with \$75,000HKD per annum. This covers 3 female students to receive financial assistance to attend an overseas internship program as selected by University staff. Applicants will be selected by a committee of 3 AWA members including the Chairperson E & S/Board member.
3. Previously grants were given at the discretion of the Education & Scholarship Chair and Committee to secondary schools that also receive English Program Activities:
 - a. At the time of last allocation in 2013-2014 these schools were:
 - i. Aberdeen Baptist Lui Ming Choi College
 - ii. Buddhist Tai Hung College
 - iii. Ebenezer School for the Visually Impaired
 - iv. Kwun Tong Government Secondary School
 - v. Lingnan Secondary School
 - vi. Tang Shui Kin Victoria Government Secondary School
 - vii. Jockey Club Eduyong College
 - viii. Yuen Long Lutheran Secondary School
 - ix. Nam Wah Catholic School
 - x. United Christian College
 - xi. St. Francis Canossian College.
4. Historical Funding: approximately twenty-five years ago, three loan schemes were set up at the universities below for \$50,000HKD per institution. Students borrow money and repay it as they are able. As of 2014, Education & Scholarship "topped up" the loans for the final time and severed the support to these schools in favor of more financial support at the secondary level.
 - a. Chinese University of Hong Kong
 - b. University of Hong Kong
 - c. Hong Kong University of Science and Technology
5. Program Management
As of 2015-2016, the following volunteer programs fall under Education & Scholarship:
 - a. English Conversation Program
 - b. Mock Interviews
 - c. Western Dining Etiquette
 - d. Reading Programs

Each of the programs has a volunteer coordinator that oversees the recruitment of volunteers, liaisons with schools, and management of program over the course of the school year. These coordinators report to the Education & Scholarship Chairperson.

Copy submitted should be well-written, proofread, meet word count established by the Editor and be submitted on deadline. Stories should not be solicitous in nature and should be helpful to AWA members in learning more about Asia and Hong Kong, AWA activities or the difference we make in the community.

D. Advertising Representatives

It is beneficial to have an Advertising Sales Representative as part of the AWARe team if an appropriate volunteer candidate can be found. Where possible, this individual should align advertising prospects with the magazine content, and continuously solicit new advertisers.

5. Magazine Content

- A. **Planning.** An overall plan for the year is outlined with the Board to align with AWA, the Board or cultural events e.g., Bazaar, Chinese New Year. Within the plan, allowance is made for additional features as appropriate. 7. Evaluation

Feedback from subscribers, advertisers, board and members is an essential part of ongoing improvement and/or change. Discussions at the Editorial team level and Board can be helpful in maintaining high standards.

8. Cost Structure

Optimally, AWAre should not operate at a loss, but instead should break-even. To help achieve this, finding sponsorship money to supplement the costs of producing AWAre is advisable, as is steady advertising income. However, AWAre being widely recognized as a valuable tool for the operation of the organization, any operating loss should be covered as an operating expense.
